If interested, contact Tammie Carr at 574.344.1834 or at Tammie@talentsourcestaffing.com

Candidate #1 Our Project/Program Manager

Our candidate is a consummate Project/Program Manager with deep experience managing large, complex projects many in the \$100+ million range. He brings 25+ years of experience in engineering and consulting firms with extensive work in Oil, Gas and Minerals construction and equipment industry, but his experience could easily translate into project roles in other environments! Skills include cost estimating, procurement, budgeting, and P&L managing an Environmental Consulting firm. He possesses a Bachelor's degree and an MBA. He is looking for growth opportunity in a progressive company that can utilize his strong project and engineering talents!

Candidate #2 Our Operations Professional

Our candidate is an operations professional who is seeking a new opportunity! He has an excellent background and has been successful with several different organizations. In this candidate you will find a collaborative leader, who is excellent at developing and maintaining both internal and external relationships and is very customer focused. Other skills include quality focus, safety driven, team building, problem solving and experience with ISO 9001!

Candidate #3 Our Software Engineer Leader

Our candidate offers 24 years of software development expertise, 13 years as a solution architect manager, has two Masters degrees (Mechanical Engineering and Computer Science, has certifications in AWS and MCSE, and even has his undergraduate degree in internal combustion engines. He has managed 3-4 teams at a time and prides himself in always being at the forefront of technology. He is a fan of Agile, and can flip between several programming languages depending on the needs of his employer. To top it off, he has a fantastic personality!

Candidate #4 Our Sales Pro

Our candidate has a hunter mentality, is a road warrior, and can serve your organization in a leadership or non-leadership capacity. What is most important is his ability to be impactful and close deals. Our candidate enjoys growth and development and is motivated to learn. There is no lack of motivation here! Our candidate holds a BS degree and has obtained several professional development certifications. In addition to boasting a great personality with solid relationship building skills, our candidate is a skilled negotiator. If you are looking for someone that is hungry to prove themselves and make an impact on your organization's sales revenue, this is the candidate!

Candidate #5 Our Data Analyst

Our candidate is an analytical problem solver this candidate is a great find. This is an impressive, friendly and very driven candidate with a recent Masters Degree in Finance from the IU Kelly School of Business. Data analysis, bench-marking, database creation & management and data cleansing are right in his wheel house. He is a strong system user with advanced MS Excel skills in addition to SQL Server, Power BI & Python. His ideal role will be one that blends his finance, education and analytical skills all in one. He's looking for a friendly and collaborative environment that will allow him to work cross-functionally in the organization and deliver excellent results!

Karen's Testimonial

Recently placed and already promoted twice! This talented professional has an exceptionally strong background in customer service, technology, training and development and an extensive background in operations for a Fortune 500 company. Her amazing talent and professionalism has been a tremendous asset to our client's startup. Hired in to oversee customer service, she is now the Director of Customer Service and doing a fantastic job. We wish her and our client many years of continued success and growth!

How To Recruit Top Millennial Talent With Social Media

"In a competitive marketplace, recruiting top Millennial talent can be a challenge for small businesses. Companies no longer have the upper hand in hiring. Prospective employees can afford to be picky when it comes to choosing their next position."
