Our HR Assistants, Generalists, and Managers!

Is your department growing? We have excellent candidates, including bilingual HR professionals, who could be perfect additions to your team! Our HR candidates range in skill level and specialities within HR. Need SHRM or PHR certifications? We've got that too!

Our Operations Manager

Looking for an operations leader with logistics, transportation, program management and supply chain experience? This may be your guy! He is focused on high-level strategy, has worked with MRP systems and managed teams up to 50 employees. He is accustomed to utilizing KPIs and Kaizen principles to deliver continuous improvement and increase employee engagement. This is a great opportunity to snag a newly relocated professional who has an impressive resume and is looking to make a quick impact!

Our IT Leader

Our seasoned IT manager has experience in M&A, rebuilding teams/departments, digital transformation and extensive project management experience. He is an "out of the box" thinker who has demonstrated the ability to handle any challenge utilizing creativity, analytical skills, interpersonal skills and the ability to quickly learn and adapt. He is seeking an opportunity that offers a diverse range of responsibilities where he is challenged.

Our Mortgage Lending Professional

This professional offers many years of experience within multiple areas of the mortgage banking/residential lending industry. She has a proven track record of increasing sales in new and existing markets and is proficient in credit analysis, loan structuring, loan operations and B2B sales. She is experienced in both retail and wholesale lending, including real estate sales, lending, appraising, title insurance, credit analysis, loan underwriting, processing, closing, funding, post-closing, insuring, business development, vendor management, account management/sales, loan origination, relationship-building, quality control/compliance, insurance and product management.

Our Manufacturing Engineer

Our Engineer has an outstanding background in metal fabricating, assembly operations, injection molding & metal casting industries. His strengths include effective problem solving, project management, process implementation plus he is very customer focused! His experience includes collaborating with both inside and outside constituents to build solid relationships.

Meet Heather- Our Perfect Customer Service Match!

Meet Heather- a Customer Service guru. Heather recently started a new career with our client in Elkhart as a Customer Service Representative! This talented professional brings a diverse skill set with her including Purchasing, Management, Scheduling and Customer Service. Fun fact, Heather is also a licensed Wedding Officiant. She has a passion for people and enjoys working with numbers and scheduling and loves to feel accomplished at the end of her work day. We are excited for our client to add such a talented individual to their team and know this will be an excellent culture fit for both the candidate and client.

Top Recruitment Marketing Content Opportunities for 2020

"Great content opportunities exist for recruitment marketers when our companies offer something candidates want, that they can't find just anywhere."
